

Connecticut's Economic Crisis in Context

**Senator Bob Duff
Norwalk City Hall
March 16, 2009**

The Global Economic Crisis

- Connecticut is one of 46 states facing budget shortfalls
- What's at stake?
 - Head Start and Pre-K funding
 - K-12 Education
 - Higher education
 - Children's health care
 - Senior programs and services
 - Aid to municipalities

Rainy Day Fund

- Over the past 5 years we have enjoyed surpluses
- From those surpluses we've contributed \$1.4 billion to our "Rainy Day" fund, making it the fourth largest such budget reserve fund in the country

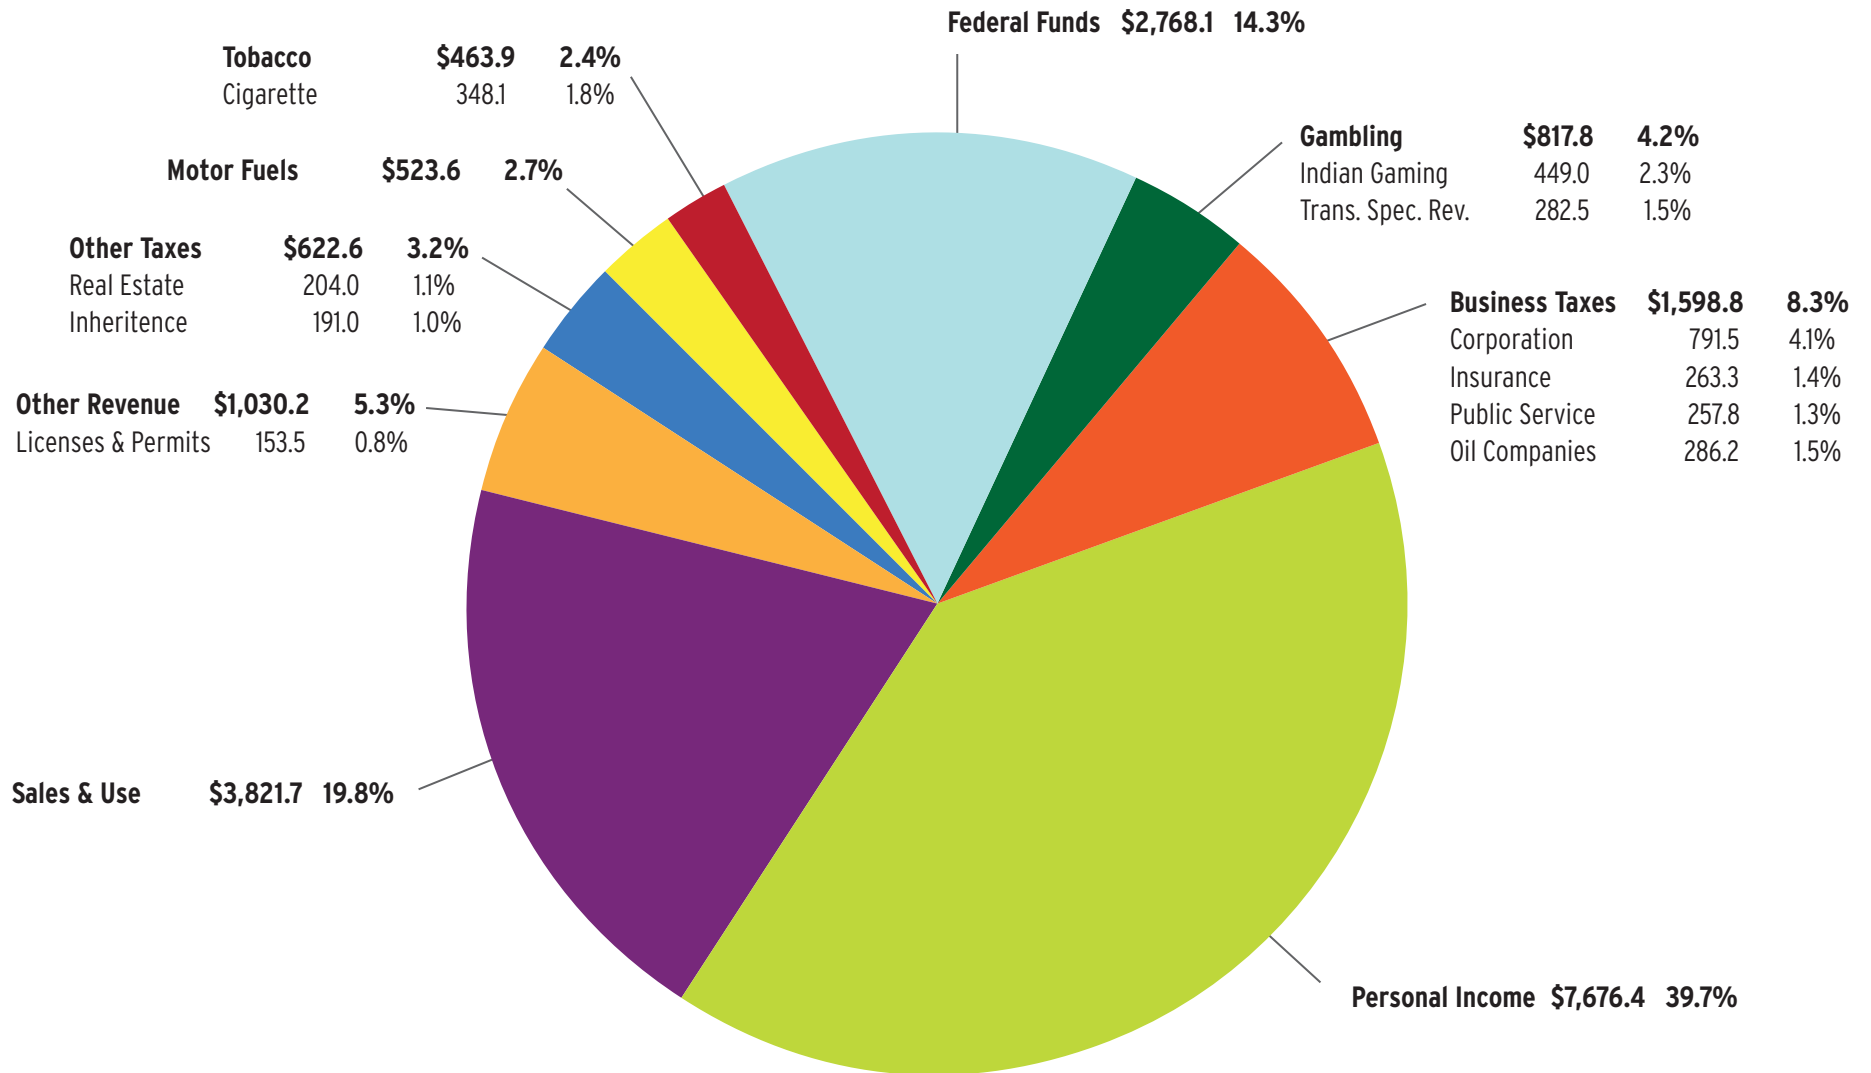

The Wall Street Factor

Despite our large Rainy Day fund, we've been more severely affected by the economic downturn because of our reliance on Wall Street.

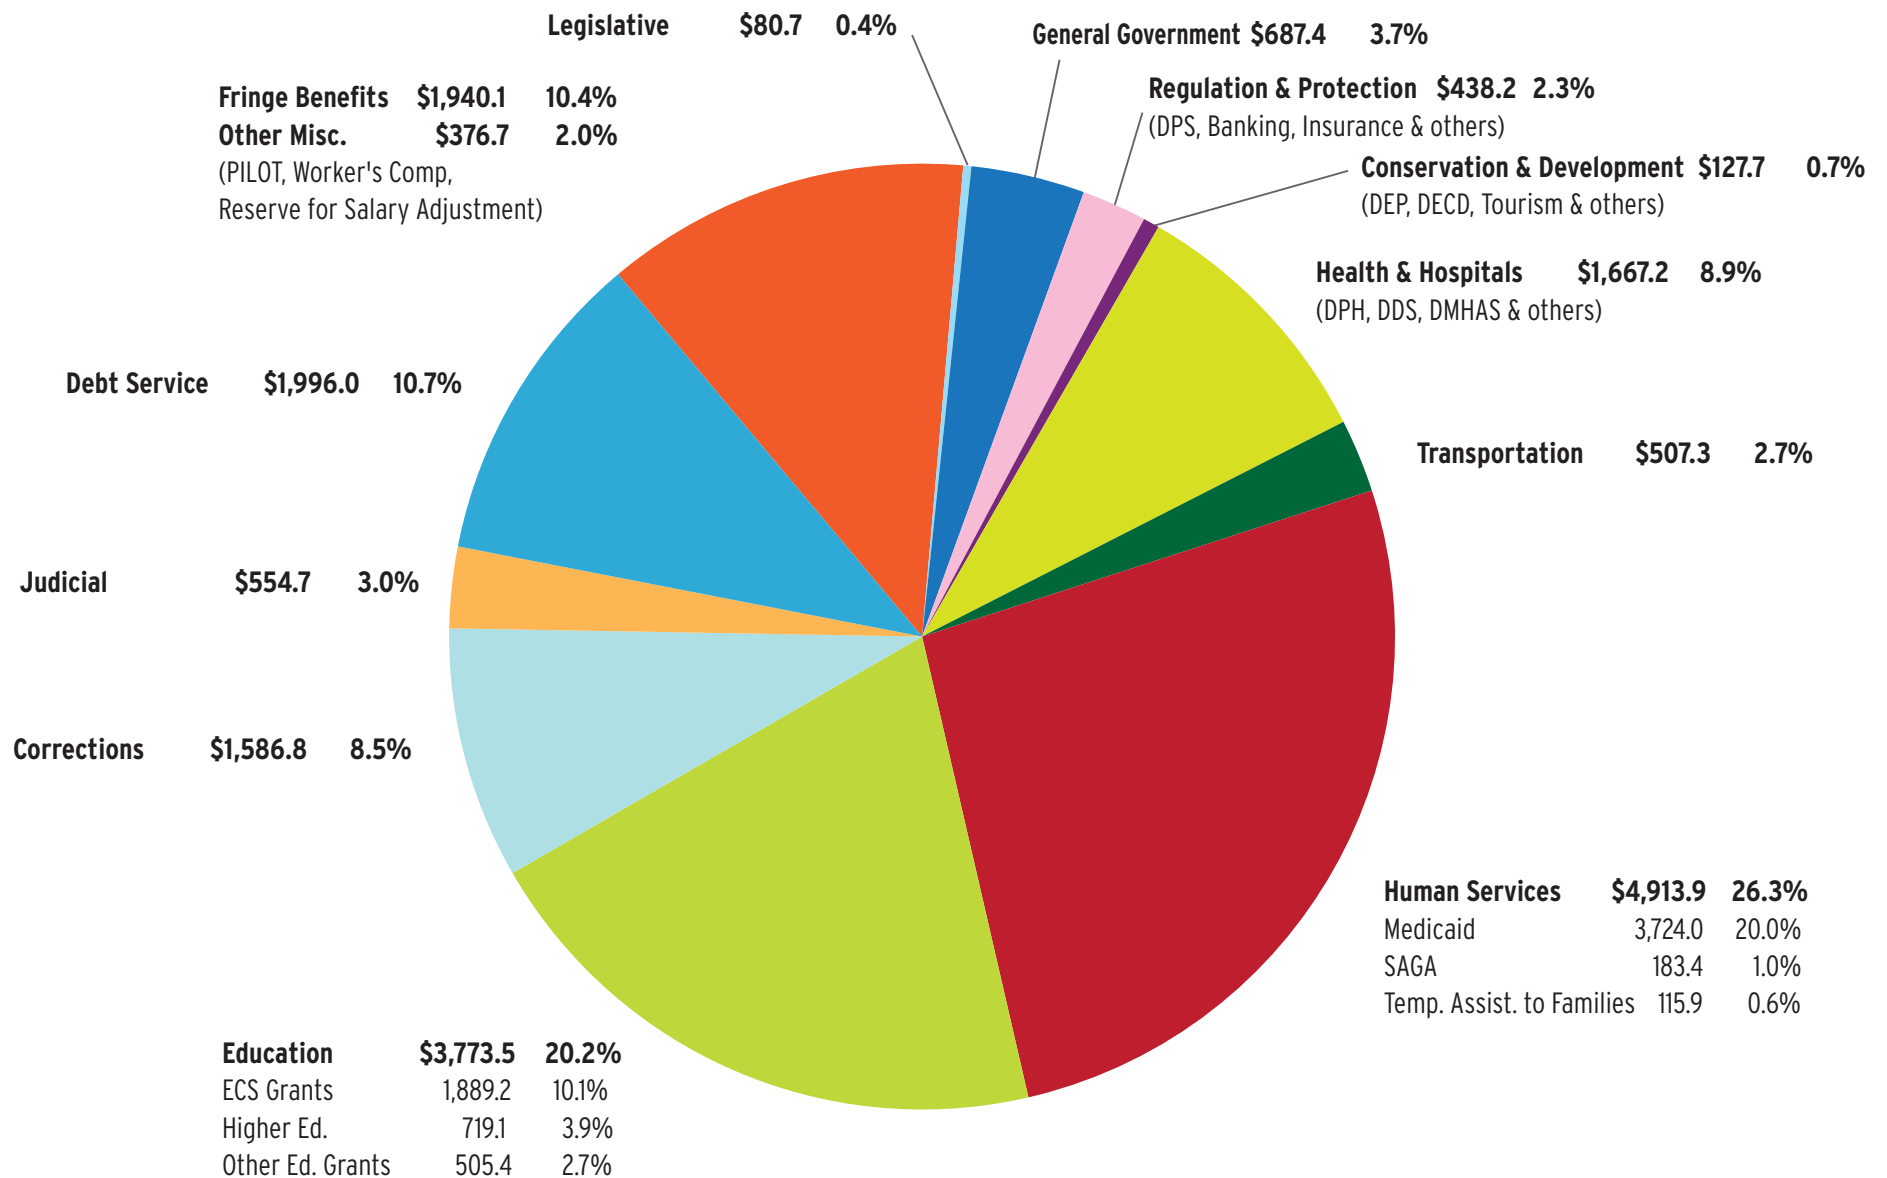

Revenue: All Appropriated Funds

FY 09 \$18,222.8 Million

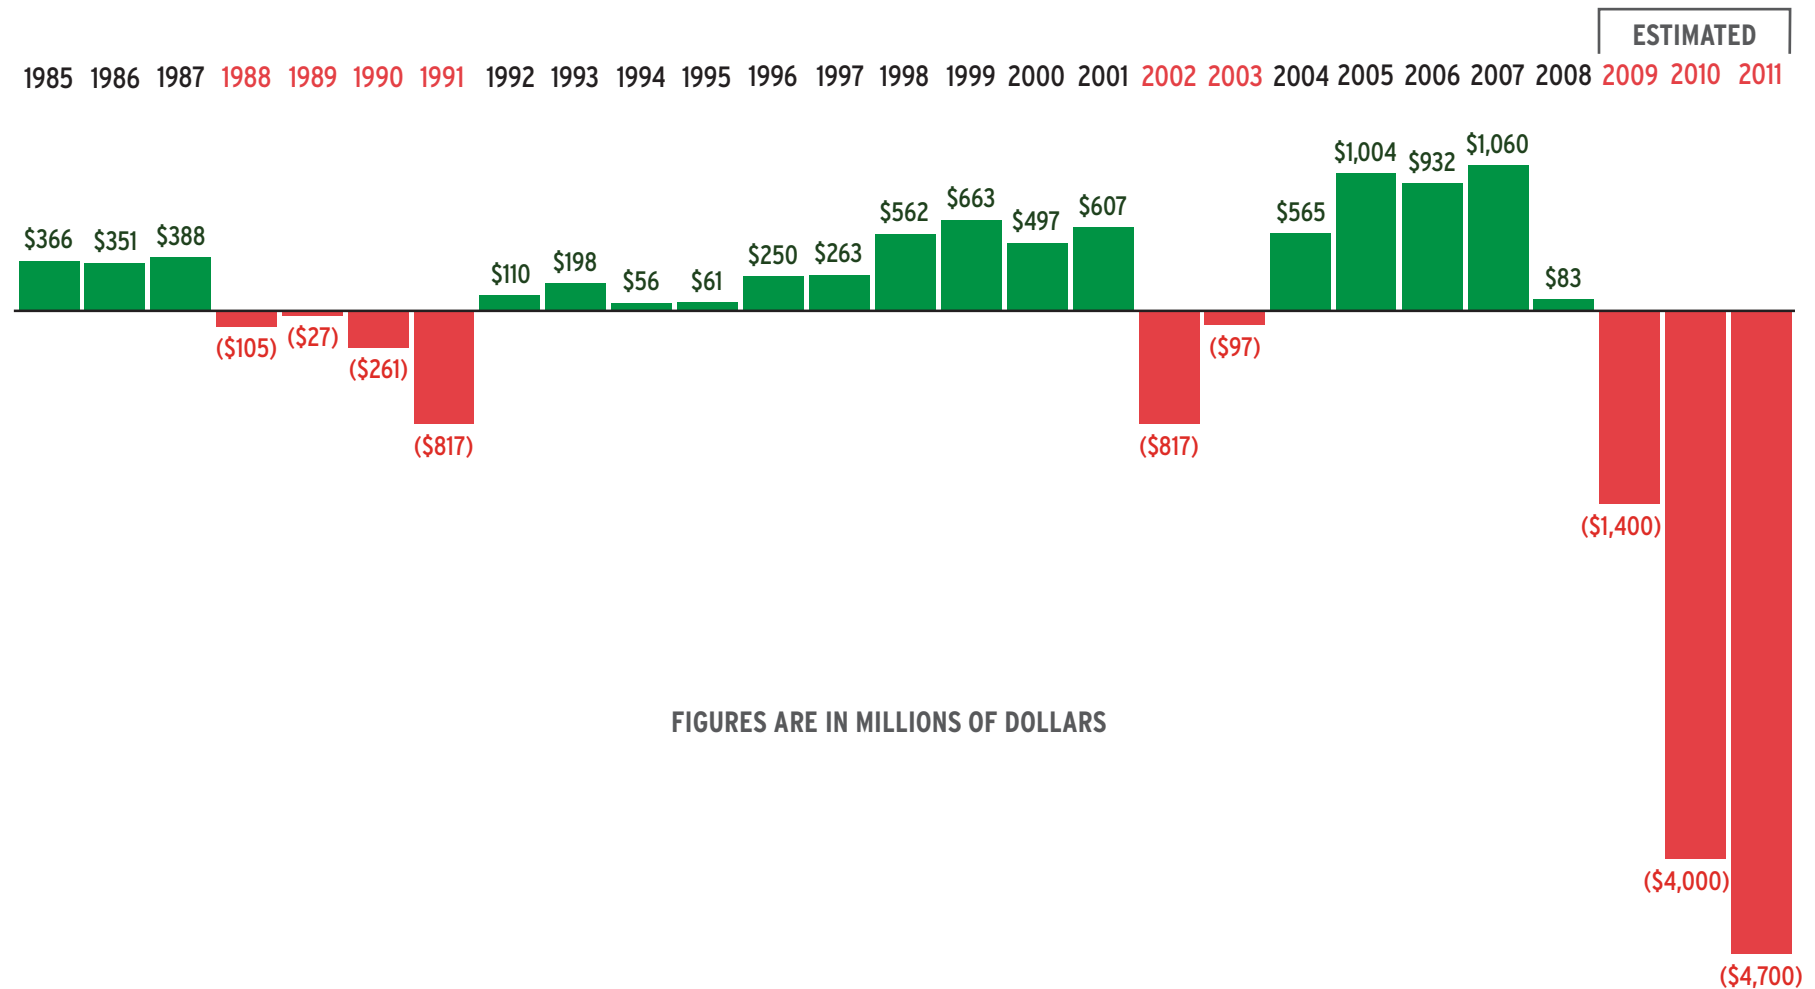

Expenditures: All Appropriated Funds

FY 09 \$18,521.7 Million

An Historical Perspective of Connecticut's Surpluses & Deficits

General Fund Surpluses & Deficits: FY 1985–FY 2011

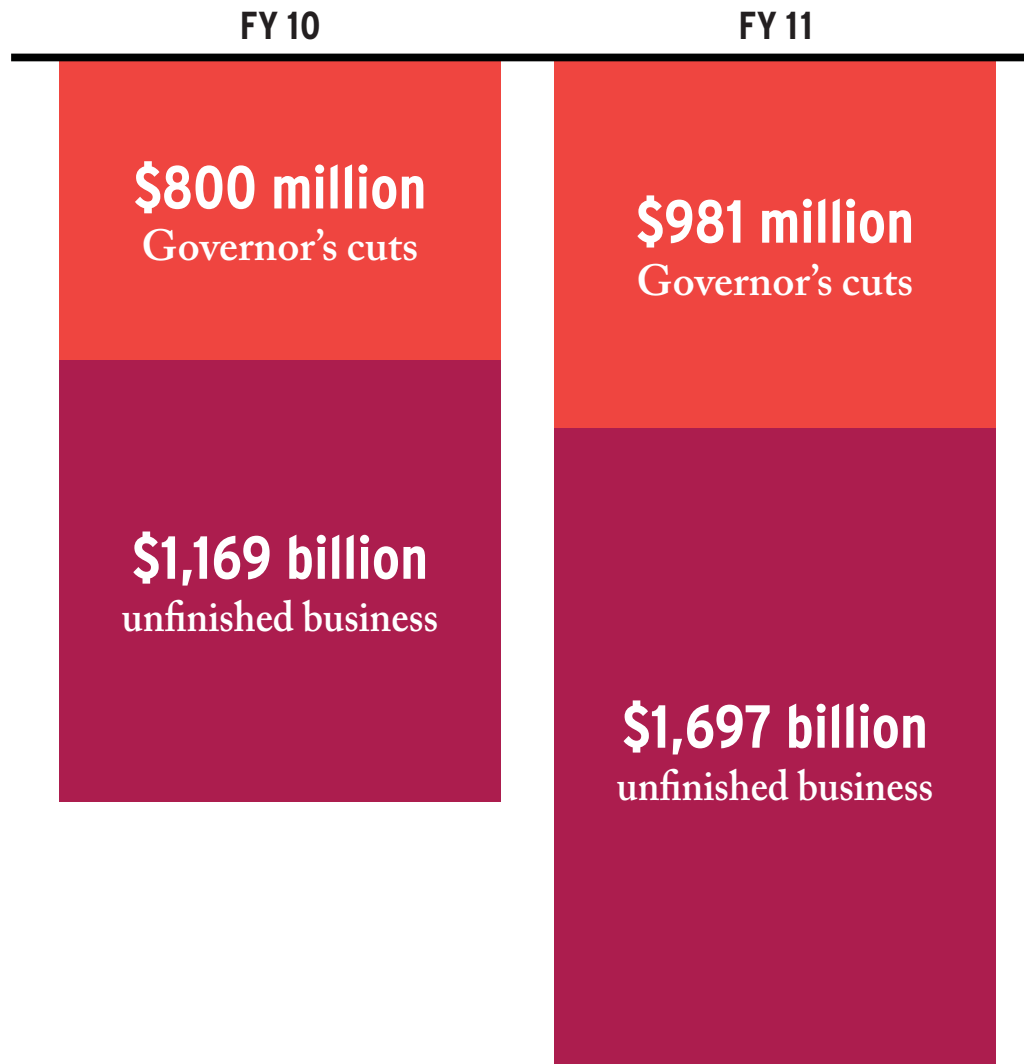

Connecticut's Budget Process

- **February:** Governor presents budget to General Assembly.
- **February–May:** General Assembly reviews governor's budget recommendations, holds public hearings, debates and makes adjustments.
- **May–June:** Negotiations reconcile governor's budget with General Assembly budget.
- **July:** Reconciliation and balancing of just-ended fiscal year.

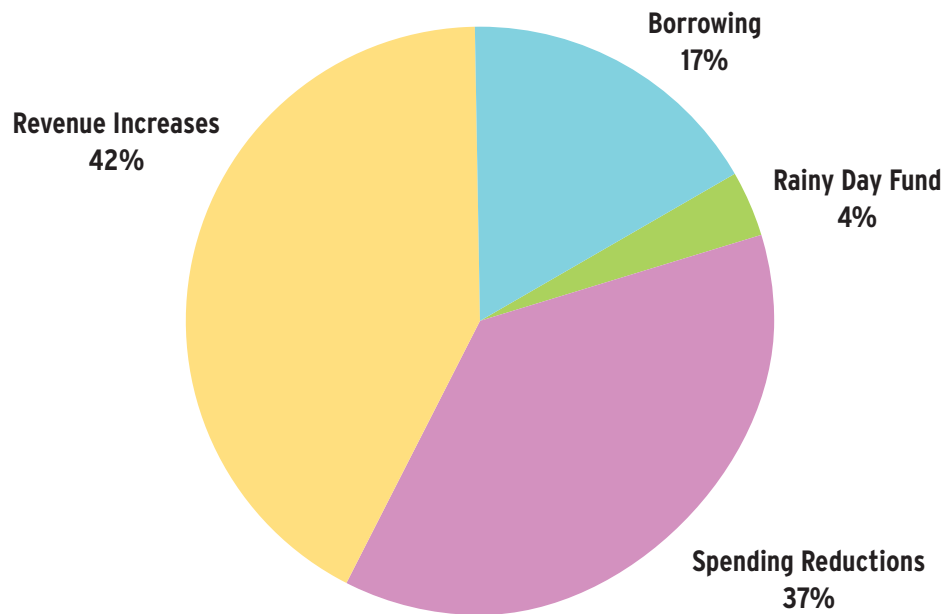

The Governor's Budget

Despite a statutory balanced budget requirement, the Governor's proposed budget did not eliminate the budget deficit.

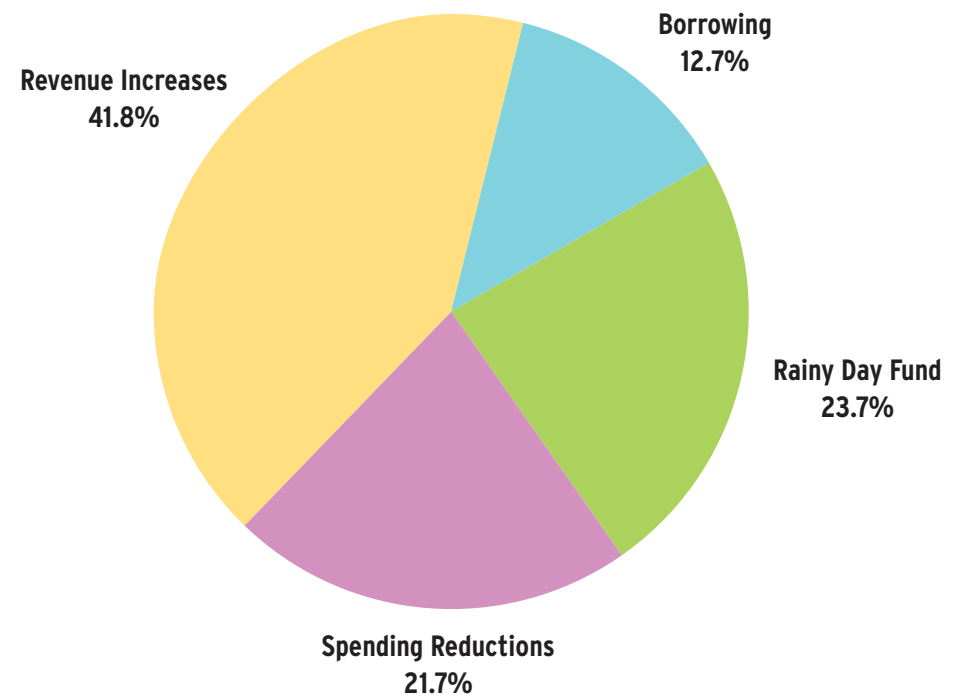

How We Balanced the Budget in Past Recessions

Deficit Mitigation Efforts
for 1989–1992 Recession

Deficit Mitigation Efforts
for 2002–2003 Recession

Loss of Revenues for FY09

Income from the top three revenue sources is **down \$1.5 billion** from the amount originally projected when the budget was passed:

Personal Income Tax (-13.1%)

Sales & Use Tax (-9.8%)

Corporations Tax (-26.2%)

Deficit Mitigation Efforts Thus Far

Thus far, the General Assembly has worked with the governor to identify approximately \$1.75 billion to address this year's projected deficit.

“Sharing the Pain”

“There is pain and sacrifice in this budget, but it is shared pain and sacrifice. We are in this struggle together, and we will need to work together, to lead together, in deed as well as in word.”

Governor M. Jodi Rell, February 4, 2009 — Budget Address for Fiscal Years 2010-2011

Results Based Accountability Success Story

September 2005 through December 2008

I. Appropriations Committee Pilot Project

A. Phase I, 2005-2006

In the first year of its pilot project, the Appropriations Committee focused on two major areas:

Long Island Sound

Early Childhood Result Statement, Ready by Five.

B. Phase II, 2006-2007

In the second year, Phase I pilot projects were expanded significantly.

DEP added public recreation to Long Island Sound as well as the Clean Water Fund. The Early Childhood Cabinet presented an updated population template for Ready by Five and submitted program templates from 29 programs.

For its ground-breaking work on RBA, Connecticut received the Con Hogan award from NCSL at its annual meeting.

C. Phase III, 2007-2008

DEP presented updated templates on Long Island Sound and the Clean Water Fund.

The Early Childhood Cabinet presented a full accounting of its activities over the last year under its new budget and new legislative authority.

The Appropriations Committee also held a special forum on the Early Reading Success program.

Governing Magazine raised the overall rating of the State of Connecticut on performance from C+ in 2005 to B- in 2008.

D. Phase IV, 2008-2009

In the fourth year of its pilot project, the Appropriations Committee has focused on expanding and institutionalizing the use of RBA within the legislature. In addition, the five legislative commissions—aging, children, women, African-American, and Hispanic/Puerto Rican—have begun developing RBA frameworks.

II. Other RBA Efforts in Connecticut Prompted by the Appropriations Committee's RBA Pilot Project

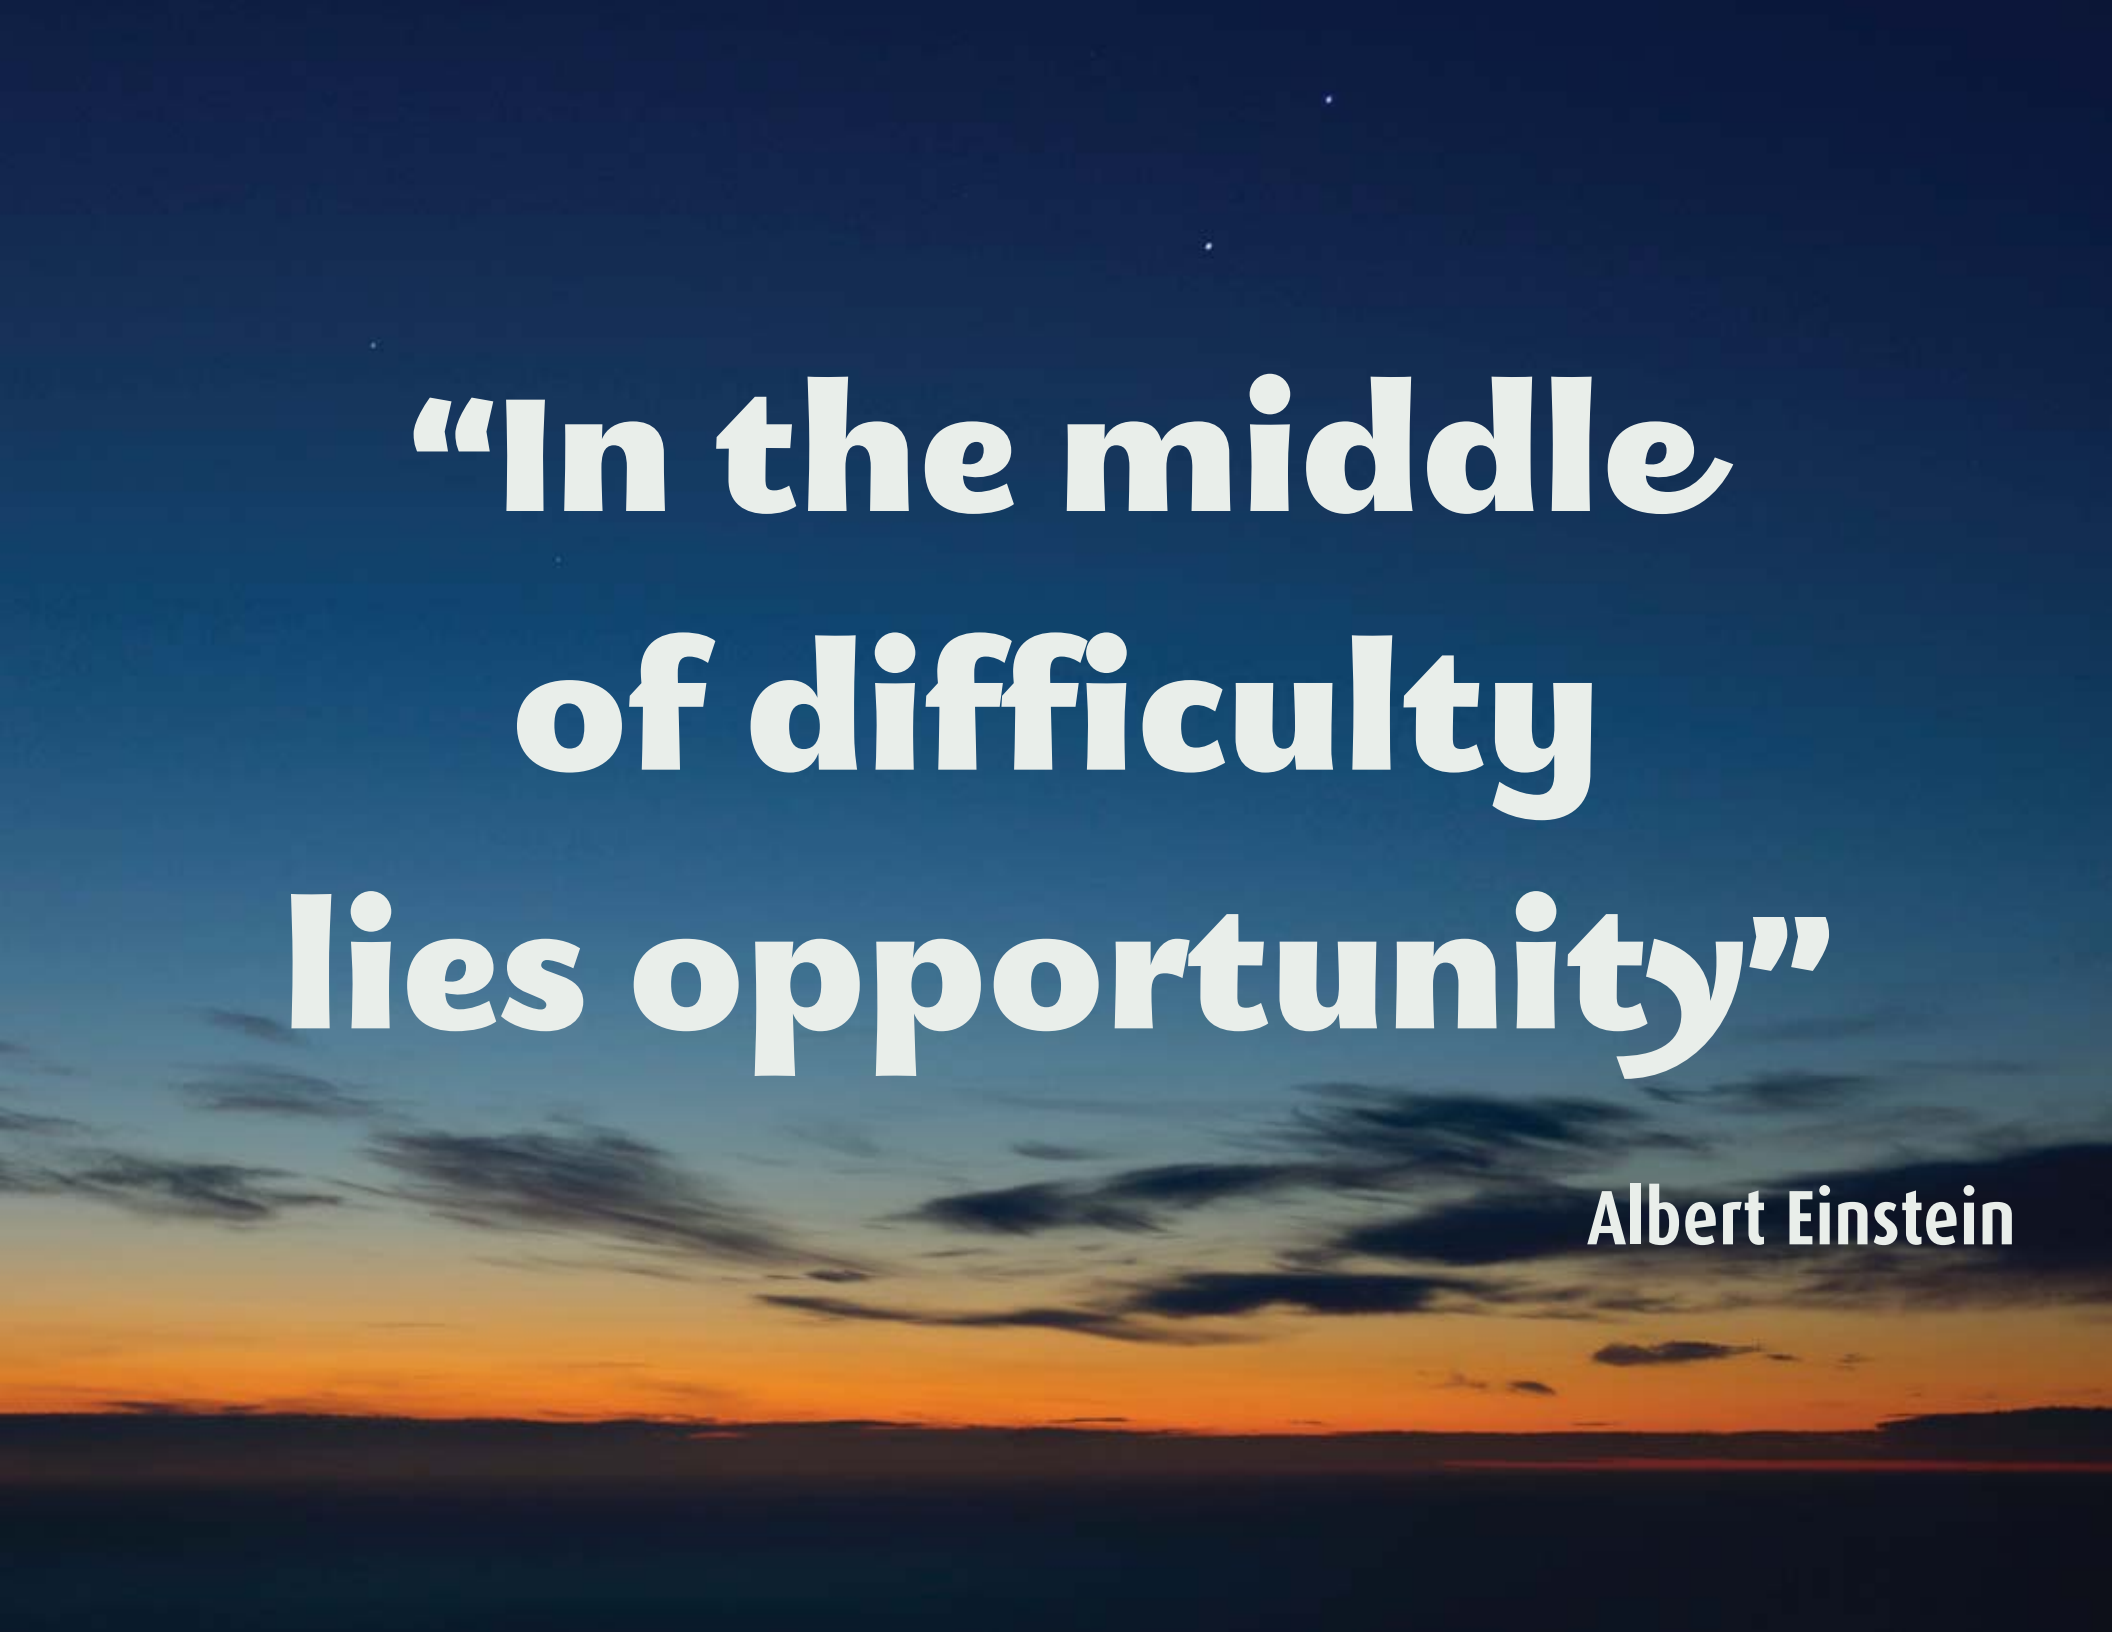

1. Early Childhood Cabinet
2. Child Poverty and Prevention Council (CPPC)
3. Juvenile Justice Planning and Oversight Coordinating Council (JJPOCC)
4. Other State RBA Initiatives.
 - The State Department of Education (SDE)
 - The Office for Workforce Competitiveness (OWC)
 - The Connecticut Employment and Training Commission's (CETC) Youth and Performance Committees
 - The Department of Children and Families (DCF) and the Court Support Services Division of the Judiciary (CSSD)
 - The Department of Correction (DOC)
 - The Permanent Commission on the Status of Women (PCSW)
 - The working group for parents with cognitive limitations

5. Community plans for local comprehensive birth-eight systems. The Early Childhood Cabinet and the Graustein Memorial Fund have provided planning grants to 23 communities (all of which are priority or competitive school districts) to develop comprehensive local birth through eight plans. These plans are based on bringing all of the key stakeholders to the table and obtaining broad community input. The plans must include a full RBA framework that ensures accountability and alignment with state RBA efforts.
- 18 of the 23 communities have participated in 4-day RBA Institutes, as part of which they have brought RBA tools and processes back to their community collaboratives. Additional institutes are planned for the remaining communities.
6. Capital Workforce Partner (CWP), the Hartford area workforce investment board
7. City of Hartford
8. RBA Initiatives by Other Non-profit Organizations. Several charitable foundations and non-profit organizations have adopted RBA for planning and accountability.
